PROFESSIONAL SUMMARY

Results-driven TQM and Quality Assurance professional with 8+ years of experience ensuring garment and home textile exports reach global buyers defect-free, compliant, and on time. Currently serving as Assistant Manager – TQM (Made-Ups) at Himatsingka Group, Hassan, leading quality assurance across home textile and garment export programs with a focus on AQL-based inspection planning, buyer compliance, defect root cause analysis, corrective action, and process standardization from fabric stage to final container loading. Skilled in cross-functional coordination with Merchandising, PPC, Production, and Shipping teams, and in shop-floor team training, to build systems that prevent quality issues rather than just fix them. Proven track record of reducing rejection rates, minimizing customer claims, and driving smoother, more reliable export operations. Believes quality is not a checkpoint but a culture, built one audit, one team, one shipment at a time.

WORK EXPERIENCE

ASSISTANT MANAGER – TQM (MADE-UPS)

Apr 2026 – July 2026

HIMATSINGKA SEIDE LTD, Hassan, Karnataka, India.

- Overseeing the Trims Store operations, ensuring accurate inventory management and timely availability of trims and accessories for production.
- Managing the Finishing Goods Storage, ensuring proper handling, segregation, and maintenance of finished products in compliance with quality standards.
- Supervising final inspection of finished goods before dispatch, ensuring products meet buyer specifications and quality benchmarks prior to container loading.
- Coordinating container loading activities, ensuring correct packing, labelling, and documentation in line with export requirements and buyer guidelines.
- Monitoring the packing process to ensure finished goods are packed correctly as per buyer packing instructions, carton specifications, and export standards.
- Overseeing metal detection processes for all finished goods, ensuring 100% compliance with buyer safety requirements and zero tolerance for metal contamination before shipment.

QUALITY ASSURANCE EXECUTIVE

Feb 2021 – Mar 2026

ATLAS EXPORT ENTERPRISE, Karur, India

- Led end-to-end quality control, executing 100+ inline, midline, and final inspections to ensure 100% adherence to buyer and third-party specifications.
- Established and enforced quality guidelines during pre-production planning, reducing potential defects in the initial stages of manufacturing.
- Managed full shipping and logistics coordination, ensuring accurate documentation.
- Drove quality improvement by maintaining comprehensive compliance reports and applying Root Cause Analysis to resolve quality issues, leading to successful implementation of corrective actions across production teams.
- Identified and resolved critical quality issues through close collaboration with production, ensuring corrective actions were implemented and documented in detailed quality reports to track compliance against buyer standards.
- Trained and mentored production staff on new quality control measures, successfully enhancing overall product consistency and reducing re-work.
- Collaborated with cross-functional teams (sourcing, logistics and merchandisers) to optimize QA processes, contributing to improved operational efficiency.

SALES & QUALITY EXECUTIVE

Jun 2018 – Jan 2021

KRISHNA TRADERS, Tirupur, India

- Managed sales operations and nurtured buyer relationships across India, ensuring long-term partnerships.
- Consulted with clients to analyse needs, developing and delivering customized solutions that maximized customer satisfaction.
- Maintained consistent product quality and service standards, resulting in high customer satisfaction.
- Conducted regular market analysis to identify emerging textile trends and capture new business opportunities.
- Assisted in developing and implementing sales strategies that contributed to an annual revenue growth of 10%.
- Represented the company at key industry events and trade fairs to expand brand visibility and increase the sales pipeline.
- Supported the QC team by performing product compliance checks to ensure adherence to buyer and industry standards before dispatch.
- Conducted basic quality checks to verify product compliance before dispatch.
